

AAO Foundation Award Final Report

Principal Investigator	Calogero Dolce
Co-Investigator	
Secondary Investigators	
Award Type	Teaching Enhancement Award
Project Title	
Project year	1998
Institution	University of Florida
Summary/Abstract	<p>I would like to thank the AAO Foundation for all of their support of orthodontic research and faculty. I have continued to teach our orthodontic residents (11) in both the clinic and in seminars. I have also mentored the residents with their research projects.</p> <p>In the area of research, Dr Wheeler and I are continuing work on the NIH funded clinical trial "Timing of Treatment for Class II Malocclusion" and on a clinical trial which is funded by BAS medical. As October 2004, I am a co-investigator in an NIH/NIDCR funded grant "Facial growth as a function of palatal surgery". In March 05, I presented my research at the AADR meeting in Baltimore.</p> <p>This year I spent most of my time getting ready for the ABO exam. I became ABO certified in march 05.</p>
